## **Maintenance Plan**

A yearly maintenance plan can be purchased for \$1,500.00 annually. The maintenance plan has the following terms and conditions:

- The entire county GIS database must be purchased at the price of \$5,000.00
- A maintenance fee will be offered to the purchaser to receive the next current year tax map Public GIS data for the year following the initial purchase
- The annual maintenance plan fee is offered to the purchaser via an invoice at the time of the next current year tax map release.
- The fee must be paid every year. If the purchaser skips a year of maintenance, any future request for GIS data will be treated as a new purchase at full price.
- The billing date for the maintenance fee will be yearly; typically during March. The purchaser has until December 31 of the current year to pay the maintenance fee in order to receive a delivery of the current year Public GIS data, and keep the plan active.

## **Availability of GIS Data**

When a Public GIS data purchase is made, the purchase is for the current year data. The current year starts on January 1 and ends on December 31. If the current year data is not available because it has not been finalized, the purchaser will be sent a copy of the latest available GIS data and receive a copy of the current year Public GIS data when it is available at no charge to the purchaser. This applies to those who purchase the entire county GIS database or individual municipalities.
