**Beaver County Outpatient Assessment Center**  
**Beaver County Behavioral Health/Direct Services**

**Notice of Information Practices**

THIS NOTICE DESCRIBES HOW PERSONAL HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

**Understanding Your Health Record/Information**

Each time you visit a provider, a record of your visit is made. Typically, this record contains your diagnoses, treatment, and a plan for future care or treatment. This information, often referred to as your health or medical record, serves as a:

- basis for planning your care and treatment
- means of communication among the many health professionals who contribute to your care
- legal document describing the care you received
- means by which you or a third-party payer can verify that services billed were actually provided
- a tool in educating health professionals
- a source of data for medical research
- a source of information for public health officials who oversee the delivery of health care in the United States
- a tool with which we can assess and continually work to improve the care we render and the outcomes we achieve

Understanding what is in your record and how your health information is used helps you to: ensure its accuracy, better understand who, what, when, where, and why others may access your health information, and make more informed decisions when authorizing disclosure to others.

**Our Responsibilities**

Our facility/agency is required to:

- maintain the privacy of your health information
- provide you with a Notice as to our legal duties and privacy practices with respect to information we collect and maintain about you
- abide by the terms of this Notice
- notify you if we are unable to agree to a requested restriction
- accommodate reasonable requests you may have to communicate health information by alternative means or at alternative locations.

We reserve the right to change our practices and to make the new provisions effective for all protected health information we maintain. Should our information practices change, we will mail you a revised notice.

We will not use or disclose your health information without your authorization, except as described in this notice.

### **How We Will Use or Disclose Your Health Information**

- (1) Treatment. We will use your health information for treatment without your consent. For example, information obtained by a physician or case manager will be recorded in your record and used to determine the course of treatment that should work best for you. The physician or case manager will document in your record the actions taken and their observations. In that way, we will know how you are responding to treatment. We also share your crisis plan with the county crisis services and the local emergency rooms to assure your safety and continuity of care.
- (2) Payment. We will use your health information for payment without your consent from the third party payor you designate, including Medicare and Medicaid. The information on or accompanying the bill will be limited to that information necessary to establish the claims for which reimbursement is sought. For example, the bill may include information of the dates, types and costs of therapies and services, and a general description of the general purpose of each treatment session or service.
- (3) Health care operations. We will use your health information for regular health operations without your consent. For example, members of the staff, the risk or quality improvement manager, or members of the quality improvement team may use information in your health record to assess the care and outcomes in your case and others like it. This information will then be used in an effort to continually improve the quality and effectiveness of the health care and service we provide.
- (4) Notification. We may contact you to provide appointment reminders or information about treatment alternatives or other health-related benefits and services that may be of interest to you. Using our professional judgment, we may use or disclose information to notify or assist in notifying a family member, personal representative, or another person responsible for your care, of your location, and general condition.
- (5) Communication with family. With your written permission, we may disclose to a family member, other relative, close personal friend or any other person you identify, health information relevant to that person's involvement in your care or payment related to your care.
- (6) Research. We may disclose information to researchers when an institutional review board has reviewed the research proposal and established protocols to ensure the privacy of your health information has approved their research.
- (7) The County Administrator. Without your consent we are permitted to share certain pieces of your PHI with the County Administrator who is responsible for

overseeing this facility and must receive information regarding the operation of this facility as required in certain circumstances as permitted by law.

- (8) Commitment Proceedings. During the course of an involuntary commitment proceeding, the court may direct that it or a mental health review officer, as allowed under the Mental Health Procedures Act have access to your PHI for purposes of conducting the hearing without your consent. Also, information will be disclosed to attorneys assigned to represent you if you are the subject of an involuntary commitment proceeding without your consent.
- (9) Food and Drug Administration (FDA). We may disclose to the FDA health information relative to adverse events with respect to food, supplements, product and product defects, or post marketing surveillance information to enable product recalls, repairs, or replacement.
- (10) Public health. As required by law, we may disclose your health information without your consent to public health or legal authorities charged with preventing or controlling disease, injury, or disability.
- (11) Incarceration or Inpatient Treatment. Should you be in a correctional institution or inpatient treatment facility, we may disclose to the health care professionals at the institution, without your consent, health information necessary for your health treatment.
- (12) Reproductive Health Care. We will *not* use or disclose your information for purposes of criminal, civil, or administrative investigation or to impose criminal, civil, or administrative liability on any individual for the mere act of seeking, obtaining, providing, or facilitating lawful reproductive health care or to identify any individual for the purpose of conducting such investigation or imposing such liability.

*Attestation:* For requests for information *potentially* related to reproductive health care, we will obtain a signed attestation from the requestor that the use or disclosure of such information is not intended for a prohibited purpose, where the request is for any of the following purposes:

- Health oversight activities;
- Judicial or administrative proceedings;
- Law enforcement;
- Regarding decedents, disclosures to coroners or medical examiners
