We Need Your Input!

The Beaver County Office on Aging is hosting a Listening Session for older adults and people living with disabilities, their families, caregivers, stakeholders, and community leaders. You are invited to contribute what you think should be the plan's priority goals, objectives, and initiatives to support the highest quality of life for older adults.

Make your voice heard and share this email with everyone you know. Let's work together to reimagine what aging can look like in Pennsylvania!

Refreshments will be available!
